Advent Calendar in Shabby Green

Instructions No. 1712

Difficulty: Beginner

Working time: 1 hour

You won't go wrong with this pretty Advent Calendar one this year. The color **Shabby Green** is an absolute trend colour. Thanks to the natural note of the kraft paper and that Decorative snow it becomes Advent Calendar an absolute eye-catcher in your home. How to decorate the Christmas tree-Advent Calendar is explained step by step in this guide.

1. First, remove all the cardboard boxes from the fir tree. Paint 8 **boxes** each **with** the colours VBS Chalky Color antique green, VBS Hobby Color Russian Green and VBS Hobby Color White. To achieve a particularly good opacity, you can also apply a second coat of paint. Let the colours dry well.

2. The white boxes are now also coated Napkin varnish and pasted Napkin with this. Cut away protruding edges with sharp scissors. You have never heard of them Napkin technique ? Click here for **the basic instructions.**

3. With one Craft Punch , 24 circles are Kraft paper punched out of it. Write the numbers 1 to 24 on it with a white paint marker. The finished Advent calendar numbers are glued onto the boxes with 3D-Glue pads .

4. Carry with aSpatulagenerously apply decorative snow. If you wish, you can also apply someGlitterstrew.

5. Finally, form a star out of wrapping wire. To give it more stability, wrap the wire around the star several times. Use hot glue to fix Advent Calendar the whole thing on top of it. Now only fill it with small treats.
