Tray with Rose Motif in Country House Style

Instructions No. 1013

This tray in romantic country house style captivates with its filigree floral details. The white background and the edges, which were designed in the deliberate shabby chic, form the perfect frame. The country house look is rounded off by the Jute wrapped handles, which give the tray its charm.

And it's as simple as that:

Prime the tray with the Paint sponge in white and let it dry. Cut out the flowers from Motif straw silk , place them on the tray and coat them with Napkin varnish. Wrap the handles with Jute yarn and fix the yarn ends with hot glue. Emphasize the edges with the dark color by brushing over them with the flat side of the brush.
