Kreativ Set Wassermühle

Instructions No. 926

Difficulty: Beginner

Working time: 45 Minutes

This set offers you the possibility to design the **miniature mill with** a few simple steps. Finish the mill with different colours and decorate it to your heart's content

And it's as simple as that
Glue the enclosed wooden pens in the mill and chimney with a little wood glue. First prime the house and fence white. After drying, paint the roof red and the base plate green. Paint the chimney and the mill holder in grey, paint the mill, door and upper half of the house with a mixture of brown and white. For a wood effect wipe over with a little black paint. The roof and fence can also be painted with a damp sponge and black paint to create a wood effect.
