advent calendar with colorful bags

Instructions No. 413

Difficulty: Beginner

The Advent Calendar. colourful bags on the pine garland are made from the papers of a Christmas scrapbook block. The cheerful motifs are then used for decoration.

Here's **how it works**

Cut a quarter of a sheet from the scrapbook block per bag and stick it to the bag with tape-Ribbon . Into the bags you stick with tape-Ribbon color-matching **Straw silk paper**

Decorate the **bags** with 3D-Glue pads and various motifs from Scrapbook block. If your selected motifs do not want to stick to the bag with the pads due to the rounding, a drop of super glue will help. Now punch out large snowflakes from white Craft cardboard sheet and border them with glitter liner. After drying, stick Advent numbers on the snowflakes and these on the bags. Punch two holes in the back of the bags above the Straw silk paper, for suspension, thread the glitter liner through them and knot them inside

Now you can fill the finished bags, tie them with glitter cord and decorate them on the fir garland. According to your taste you can also hang large motifs from Scrapbook block between the bags and trim the Straw silk paper above with contour scissors.

Tip: To prevent the glitter cord from untwisting, first stick a strip of adhesive tape around the area where you want to cut it.
