Instructions No. 2453

Difficulty: Beginner

Working time: 3 Hours

The most beautiful ideas are ingeniously simple to tinker: the Urban Jungle light chain certainly succeeds even inexperienced hobbyists. Ready designed it is a real eye-catcher in your home.

Urban Jungle, light chains tinkering, with an awl pierce each cork of the vials carefully a hole and work this with a bamboo skewer until the lights of the light chain fit through.

Extra Tip:
If a cork breaks while making the fairy lights holes, you can put it back together with a little craft glue.

Cut small pieces from the fern and stuff them into each vial. Once the fairy lights are turned on, it will create a warm Urban Jungle light look. Light design, decorate
