

Alpaca with decopatch

Instructions No. 1625

Difficulty: Beginner 🍃🍃🍃🍃

Working time: 1 hour

Who does not like **llamas** or **alpacas**? Alone or in combination with **cacti** they make a beautiful decoration. You too can make this **trendy animal** and embellish your home or make someone else happy!

Step by step to alpaca with colourful blanket

1. Prime the alpaca with [white Acrylic paint](#). Painting sponges or a large brush are particularly suitable for this purpose, as they will give you an even coat of paint. The hooves, eyes and nose can be painted with [black Acrylic paint](#) or [Marker](#) be painted. Let the paint dry well.

- Now you can start with the Decopatch ceiling. Cut the Decopatch papers [to size](#) and glue them together using [Patch adhesive](#) as a blanket on the back of the alpaca. **Tip:** You can simplify the cutting of the papers by cutting a template from normal Paper before. You can then divide it into the different areas where you want to use a different deco paper. Then transfer only to the decopatch paper and you have your different paper parts ready.
- The [tassels](#) and the [Embroidery twist](#) to the end of the ceiling by means of [Hot glue](#) or fix it with [double-sided Adhesive tape](#).

An effective combination for the alpaca are cacti . If you would like to know how we have designed the great cactus lamp, please visit our
