Amazonia nesting box

Instructions No. 2246

Difficulty: Beginner

Working time: 2 Hours

Can it be a little wild? Our beautifully designed **nesting box** catches the eye and offers your **birds** a new home in the garden. Beautiful and practical at the same time! The nesting box has a simple design.

This is how the attractive bird house is designed:

First, prime the **nesting box** with white **craft paint** so that the colours of the motif straw silks will show up better when applied later. Then decorate the surfaces with the **motif straw silks**. To do this, apply **napkin varnish** to the desired area and place the motif straw silk on top. Now coat the straw silk again with napkin varnish. You can easily cut off any excess straw silk with scissors after it has dried.

In the next step, add accents with golden **craft paint**.

Fix the **lasercut motifs** in the desired places on the nesting box with craft glue or hot glue.

Attach the **hangers** to the back of the nest box.

Must Have

VBS Nesting box

Depth: 12 cm
Width: 12 cm
Height: 23.5 cm
Material: Pine wood

8,49 €
