So easily you can create a unique decoration from two candles. With small, playful details, your individual arrangement is created in no time.

And it is as simple as that:

Take a Napkin of your choice and remove the two unprinted layers of paper from Napkin. Then glue the printed layer with Candle **Potch** onto the candle.

This special Napkin varnish guarantees a safe burning. After drying, cut off the Napkins remains with a scalpel, then coat the candles with the **Varnish for candles**, it makes your candles look more noble.

According to your taste, the decorated candle can then be decorated with satin ribbons or other accessories. For the sticking of the tapes was used in the decoration example tape-Ribbon (double-sided Adhesive tape).
