

Anleitung: für unsere Dekoidee Stehfigur Schaf Wolly

Instructions No. 1088

This sheep also glows in the dark! With the decoration figure Wolly, some Handicraft paint and a string of lights you bring light and good mood into the springtime. Paint and make yourself this cheerful Standing figure - your own sheep Wolly will thank you brightly!

And it's that easy:

Which handicraft material do I need for the decoration figure "Sheep Wolly"?

To copy this handicraft idea you need wool, a chain of 10 lights, Handicraft paint and ribbon.

How can I paint and make the decoration figure step by step?

Prime the sheep with white Handicraft paint. Put white and a little black paint on a sponge and carefully wipe grey circles into the still wet white primer.

When everything is dry, paint the sheep's face, ears and feet with skin-coloured Acrylic paint . Do not use the eyes.

While the paint is drying on the sheep, you can already prime the base plate with a sponge using the wiping technique in green and yellow.

As soon as the paint is dry on the sheep, paint fine black contours on the wool of the sheep and as a demarcation to the face and feet and as details in the face.

The decorative figure gets its special effect by decorating it with a bow and some decorative marguerites and grasses. Finally, put only still the individual lights of the chain of lights through the 10 holes of the sheep and the shining sheep is ready
