But this idea is too good to withhold from you. We would be happy to continue to present it to you - let yourself be inspired!

Here's **how it works**

**Prime** the garden plug with VBS Hobby Color in Grey Brown.

While the paint is drying, tear out the desired motif from the Napkin carefully and remove the unprinted paper layers of the Napkin. Now stick the napkin motif **with** Napkin varnish on the garden plug. Use for it the VBS Napkins-brush, this allows you to apply the optimal amount of paint and minimizes the risk of wrinkles or cracks in the motif

After drying, adjust the background with VBS Hobby Color in Ice blue to the napkin motif. Paint the wooden letters, the butterfly and other matching **accessories** according to your own wishes and fix everything to the garden plug with hot glue

The bird presented in the decoration example can be painted on a Wooden platine and white Craft cardboard sheet with craft colours and then glued on the Plugs .

Finally, emphasize all contours of your handcraft work with the stamping ink by stroking over the edges with the Ink Pads .
