

Beton-Wandbild "Free"

Instructions No. 1311

The beautiful mural **in concrete-look** was decorated with **Straw silk paper** designed. With its neutral colours it will certainly fit well into your home.

Here's how it's done

First, a **Stretched Canvas in the format 30 x 40 cm** is primed **with** concrete paint

While the concrete paint dries, individual motif elements are cut out of the Straw silk paper . A **white Painting board in the format 18 x 24 cm** and the individual Straw silk paper motifs are first arranged on the dried Stretched Canvas and then glued on with patch glue. It should be noted whether certain parts of the motif are to be applied under Painting board or overlapping.

Finally, simply fix small birds **-Embellishment-** as special eye-catchers on the mural.
