Cardboard roll gnomes with a glitter look

Instructions No. 2039

Difficulty: Beginner

Working time: 1 hour

These cute little glitter gnomes are ideal for Christmas crafting fun, even together with your children.

This is how you make an elf:

The dwarf body consists of a simple one which is covered Cardboard roll, with glitter cardboard. To cut the special cardboard, make a small mark on the edge of the cardboard with Cardboard roll a pencil. Roll it over the glitter carton and measure the exact size of the carton blank. Cut the cardboard to size and stick it on the Cardboard roll.

On the motif template you will find a help for the felt caps. Download them, transfer them to the sketching paper and cut them to size Paper

You should reinforce the fold of the glued edge by lightly scoring the dotted line with a scalpel. This way the adhesive edge can be folded better. Glue the cap together with double-sided Adhesive tape adhesive. Take a piece of fur ribbon and cut it so that you get a pointed beard. Glue it to the gnome, put on the cap and bend or model it into shape. Now the nose is still missing only - just glue it on.

In this way, other Wichtel colleagues can be tinkered with.

Must Have

VBS Cardboard roll set, 72 pieces

Size: 10 - 20 cm
Lignin-free
Acid-free
Content: 72 pieces
Diameter (outside): 4.2 cm
