Gifts are a must at Christmas! An ordinary tin can quickly become a great gift idea. Let our examples inspire you to make your own storage tins.

Crafting fun for young and old

1. First transfer the template to the red felt and then cut it to size.
2. Then cut a strip of the dark green felt of any width with pinking shears.
3. Now stick both to the tin with double-sided adhesive tape.
4. Then pull the clamps onto the felt and fix the whole thing in place with a little hot glue.

5. Finally, fill the cellophane bag with the items of your choice, then seal it with the bag closure strips and place everything in the tin.
