Create jewellery with epoxy stickers

Instructions No. 1919

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Create great **jewellery pieces -** very easy with epoxy **stickers**. These can be stuck on your chosen motifs in the metal pendants and you get a great 3D effect by the curvature of the sticker. Thus unique pieces of jewellery are created!

For the bracelet: Cut or punch out of 5 motifs Motif cardboard with a diameter of 14 mm each.

Glue them with something Handicraft glue into the metal connectors and then apply an epoxy sticker to them.

The individual elements are each connected with a striping. At one end of the bracelet you attach one Chain of 5 rings and a lobster clasp.

At the other end, depending on the circumference of the wrist, join as many stripes as you like to form a Regulation

chain.

For the pendant: Cut a motif with a diameter of 2.5cm and fix it with something in the Handicraft glue pendant. Glue the epoxy sticker on it.

Attach a strip to the eyelet and thread it through the hole. Finally, attach Chain. a strip and the closure.

Must Have

Metal connector "Round", Ø 14 mm

Eye diameter (inside): 2.3 mm
Content: 3 pieces
Diameter (outside): 15.8 mm
Material: Brass
