Create your own beach-style necklaces

Instructions No. 3271

Difficulty: Beginner

Working time: 2 Hours

Summer is the perfect time to add a fresh and individual touch to your look with **homemade jewelry**. Why not create your own **beach style** and attract everyone's attention with a homemade chain ? Our step-by-step guide will help you to create a **beach-stylechain** that not only expresses only your creativity, but also brings a bit of summer feeling into your home. Whether for yourself or as a special gift - DIY-Jewelry stands for personality and style. Let's get started right away!

Create trendy beach-style necklaces yourself: Your DIY-Instructions

Step 1: Determine the right length of cord

To get started with your beach style-chain , first select the desired length of the chain . think about how you want the chain to fit around your neck - tight or loose? Once you have found the right length, cut the cord three times to this length. This will form the base of your chain .

Step 2: Add beads and pendants

Now the creative part begins. Choose your favorite beads and small pendants. String them onto one of the cords in the order of your choice. Here you can play with colors and shapes to create a personal touch that matches the beach aesthetic.

Step 3: Tie the ends together

Once all the beads and pendants have been strung, knot the ends of each cord firmly together. Make sure that there is no space between the beads so that they do not shift.

Step 4: Attach the ringlets and lobster clasp

To finish off your chain , tie a small metal ring, also known as a ringlet, next to each end knot. You then attach a lobster clasp to one of these rings to ensure that you can easily put on and take off the chain .

Step 5: Finishing with crimped domes

To ensure that your chain is particularly stable and the knots do not slip, press a crimping cap over each end knot. These metal sleeves secure the knots and give the chain a clean finish.

Step 6: Present the chains on kraft paper

To round off the presentation of your home-made chain and perhaps even use it as a gift, cut a piece of kraft paper and stamp it as you wish. Round off the corners of the paper to give it a professional look. Then cut small slits in the Paper and attach the chain to them.

Now you have a beautiful beach-style-chain, that is not only homemade, but perfectly complements your summer look!

Your next project is already waiting!

Now that you know how easy it is to make your own beach style chain , why not move on to your next creative project?
