With just a few materials, you can create this **beautiful wreath** that will catch everyone's eye. Whether on the door, above the chest of drawers or as a wall decoration, the great decorative ring is always an eye-catcher. By choosing the papers, you can design this wreath entirely according to your ideas and in your desired colour concept.

This is how you make the great wreath:

Download our **free templates** and transfer them to your chosen **papers**. Cut out the leaves and fold them like an accordion. Fold the leaves in half and secure them with double-sided tape.

Take **wire** double and thread it through the leaf. Then twist the wire.

Spray some of the leaves with the **metal leaf spray** according to your wishes.

Now you can arrange the **leaves** as you like on the metal ring.

To hang them up, simply knot a piece of yarn to the top of the ring.
