A noble designer piece for living room and bedroom! Create **from the light VBS ball** into a very unusual form and let your guests be amazed. The instructions show how easy it is to create your own lamp design. It is

as simple as that

Prime the lamp base completely with brown paint and let it dry

For decorative ball in the lamp base, carefully remove the suspension eye of one with side Acrylic ball cutter. Then with a small sponge Inka Gold in silver paint and dab into the acrylic ball halves. When dry, put them Acrylic ball together and glue them into the circular opening of the lampshade with hot glue.

For this Lampshade 28 parts of the VBS Light globe required. Of it 16 parts are stuck on the rough side and the remaining 12 on the smooth side with Straw silk paper or other soft Effect paper or fleece. Remove any excess. Assemble the parts according to the instructions and put them over the lamp socket and insert the lamp.
