# Door wreath with house number

**Instructions No. 3346**

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Are you ready for spring? Put an end to the grey of winter days and bring cheerful colors into your home with a homemade, flowery door wreath. With our step-by-step instructions, you can create your own individual door wreath and give spring the perfect welcome!

**Instructions for your spring door wreath:**

**Step 1: Prepare numbers**

To give your door wreath a personal touch, use MDF numbers or letters. You can transform these into fresh, natural elements with our moss ribbon.

Cut two pieces of moss ribbon that are larger than the numbers .
Heat up the hot glue gun and glue the moss tape to the front of the numbers.

Once the glue has dried, cut off the excess moss with scissors.

Loose pieces of moss can be easily repaired by fixing them with a little hot glue and filling in smaller gaps.

**Step 2: Prepare the flower decorations**

Prepare the floral decoration by separating the artificial flowers and plants into the desired elements.

Pluck the leaves and blossoms from the flower.

Separate the heather picks at the joints.

Cut off pieces of the ivy and leaf garland, making sure that the end ends with a leaf.

Try arranging the pieces around the wreath until you like the arrangement.

**Step 3: Decorate the wreath**

Once you are happy with the arrangement, you can decorate the wreath.

Glue all the elements to the willow wreath layer by layer using hot glue.

Weave in the garland pieces and attach the peony leaves and flowers.
The heather stems and the flower blossom form the crowning touch.

Add the numbers on the opposite side of the wreath.

Use a wide lace ribbon, to hang the wreath.

And your individual spring door wreath is ready! Welcome spring with an open heart and bright colors.
