Instructions No. 1918

Difficulty: Beginner

Working time: 45 Minutes

With the cute silicone stamps "Easter greetings" you can design cards, boxes, tags and co. for Easter in no time at all. Perfect for sending nice greetings at Easter or to decorate pretty pendants for the Easter bush.

The **boxes** can be easily stamped using **acrylic blocks**. To do this, the **silicone stamps** are placed on the block and pressed firmly, inked with stamping ink and then stamped onto the boxes with even pressure

To achieve a really clean stamping result on cards and tags, it is recommended to use a **Clear stamping tool**. This is also very helpful if you want to stamp several cards in the same style. To do this, unfold the stamping tool, align the **Paper** on the lower base plate and fix it with the **two magnets**. The **silicone stamps** are positioned on the upper plate. Once you are satisfied with the alignment, press the two sides firmly together so that the stamps stick to the acrylic plate. Afterwards the stamps can be inked with stamp ink. Now the two plates are closed again and evenly pressed together to Paper transfer the ink to the stamp. Just unfold and the stamp motif is finished. This way you can design cards or tags with the same look

For a noble look, you can also design the cards or boxes with Viva Decor **Maya Stardust**. The colour only needs to be applied 1x and creates a beautiful Metallic-Effect.
