Easter greeting card with stamp motifs

Instructions No. 3236

Difficulty: Beginner

Working time: 1 hour 30 Minutes

Easter is just around the corner, and what could be more personal than a **self-designed greeting card**? With the creative variety of the new VBS Stamp series, you can express your Easter greetings in a unique way. These instructions will guide you step-by-step through the process of designing an **enchanting Easter card** that is guaranteed to bring joy to your loved ones. So, let's get creative!

Design your own Easter greetings card with VBS Stamps

Prepare the linen cardboard

Start with a linen cardboard as the basis for your card. Fold the card properly in the middle to form the card. To give the edges a clean and professional look, use the VBS "3 in 1" corner rounder. This practical tool allows you to round off the corners and give your card an elegant touch.

Stamping the white cardboard

Take a piece of white cardboard and stamp it however you like. Place the silicone stamps on a clear stamp holder. The Clear Stamp Holder is a transparent stamp block that makes it easier for you to see the precise placement of your stamp designs. Choose an Easter design from the VBS Stamp series and press it firmly onto the cardboard. Remember to clean your stamps with water afterwards to prolong their life and keep a clear stamp image.

Cut the cardboard to size and decorate

Cut the stamped cardboard to the desired size that fits well on the front of your card. Use a black marker, to draw a fine border around the stamped motif. This border provides an attractive contrast that highlights your design and gives it a clear structure.

Designing the front of the card

Glue the decorated piece of cardboard to the front of the card using 3D glue pads . Using 3D glue pads adds another dimension to your design by slightly lifting the stamp pattern, creating a three-dimensional effect. Finally, tie a pretty cord around the card to give it a festive finish.
