

Garden torches made from glass

Instructions No. 3055

Difficulty: Beginner

Working time: 1 hour

Sitting outside when the weather is nice is always a highlight, and the **garden candles** are easy to make from **glass jars** with screw-on lids and can simply be plugged onto the wooden stick. A great decorative idea for the garden or a lovely small present for a barbecue evening.

Once the candle has burnt down, you can refill the jars with **wax for candles** or place a tea light inside. You can then use them again. To prevent the candles from getting wet in a shower, they can be screwed shut until the next time.
