Halloween light chain

Instructions No. 2278

Difficulty: Beginner

Working time: 4 Hours

Scary decorations are a must for Halloween. Make this cool light chain with scary faces. It takes very little effort to create and can then decorate your door, window or dresser.

Tear the transparent paper into small pieces and stick them onto the acrylic balls with napkin varnish. To do this, apply the napkin varnish to the ball, place the transparent paper on top and brush another layer of varnish over it. Allow to dry.

Cut the templates and transfer them to the balls with a pencil. Use markers to repaint and colour in the designs.

Attach the baubles to a ribbon and finally wrap it with a string of lights.
