Hanging Advent wreath

Instructions No. 2084

Difficulty: Beginner

Working time: 3 Hours

Create a beautiful wreath **to hang.** This looks fantastic over a table, in the hallway or in any other special corner. With a few simple steps and with the help of our template it can be designed quickly. An eye catcher in your home!

This is how the beautiful wreath is designed:

Print out the **pattern** and transfer it with a pencil to the **motif photo cardboard.** Now cut out the fir trees and make a small hole at the top for hanging. It is best to use a hole puncher for this. Through this you pull a perlon thread

Wrap the **Ilex garland** around the wreath. Then knot your self made fir trees to the wreath

Attach the nylon thread to the wreath for hanging. The four sides between the tea lights are best suited for this

Place **tea lights** in the candle sockets and glue around the tea Adhesive tape lights with Motif paper double-sided glue for decoration.
