Homemade fabric hearts

Instructions No. 1567

Difficulty: Beginner

Working time: 30 Minutes

Are you looking for a quick and loving sewing idea? The small fabric hearts can be sewn by hand or with the sewing machine.

Just warmly...

Draw a heart shape on Paper . If necessary, simply use a wooden heart pendant as Stencil for this. Enlarge the self-made **heart template** to about 1.5 cm of fabric, draw a horizontal cut edge and then cut it out.

Select two substances that harmonise with each other. Fold the heart template horizontally and **transfer** the heart halves to both fabrics, taking into account the amount of fabric added.

First**sew** two upper and lower parts of the hearts together on the left side, turn the sewn heart fabrics on the right side and apply a piece of Lace ribbon . Then both hearts are sewn together except for a small opening on the left side.

The sewn heart is now turned to the right and **stuffed** with **cotton wool** . The opening is closed and a Satin ribbon is sewn on as a hanging button and a small decoration button.

Finished sewn hearts are great decorations in the window, on cabinet locks or in the entrance area.

Dear sewer, as fabrics are seasonal goods and we always want to have trendy fabrics in stock for you, it can happen that the sewn fabric is no longer in our range.

In our fabric section you will find a large selection of great fabrics. Click **here** to discover **all the fabrics**.
