Illuminated picture of deer in the forest

Instructions No. 3103

Difficulty: Beginner

Working time: 3 Hours

Decorate your home with a magical winter wonderland. This lovingly designed illuminated wooden picture is an atmospheric piece of decoration that brings warmth and coziness to any room and awakens the anticipation of the festive season. Perfect for displaying and enjoying - let yourself be enchanted by the wintry splendor!

Set up your workspace for your craft work: place a handicraft mat on the worktop for protection and have all the materials you need to hand.

For the winter look, first paint the frame, the "snow-covered mountains, snowflakes and the floor" with white paint. Then paint the fir trees of the wooden kit and the fir green of the trees with olive green pastel paint. Once everything is dry, you can dab some white paint onto the fir tree as "snow" using the brush.

The VBS wood building kit "Deer in the forest" motif frame is supplied with a star effect foil and an LED chain of

light . Glue the "Magic Star Foil" to the inside of the wooden frame and attach the individual lights of the LED chain of light. to the back wall

Stick the frame and the Christmas trees together, fix them with handicraft glue. Place your finished motif frame in a clearly visible place and enjoy your creative work with the lights on!

Have fun crafting and designing!
