Instructions: Table runner, seat cushion and cutlery bag in a romantic design

Instructions No. 1242

Summer time is garden time! For more cosiness **and** a romantic **look in** your garden, **on** the terrace **or** on the balcony, our self-sewn table runners **, seat cushions and cutlery bags** will **make** your garden look more cosy. In this manual we explain how to sew these beautiful accessories quickly and easily. This makes sitting outside even more fun!

And it's that easy:

Cutlery bag:

First of all, you start by **cutting the individual components**. You will need two **cuttings of the pocket,** three **cuttings of the back (two** with cover fabrics **and** one fleece line cutting), as well as the cuttings **of the heartApplicationand the decorative strip (13 cm** x 4 cm).

Next, iron a **back piece with the** fleece on the left side of the fabric. To prevent the iron from sticking, place a piece of baking paper **in between**.

Fold the **decorative strip** in half lengthwise and iron. Then fold each half again to the middle fold and iron. The **decorative strip** is now finished.

Now fold both **pocket blanks** left to left. At the upper edge, place the **decorative strip** so that both edges of the fabric are enclosed. Then fix it with Pins and topstitch it with short edges.

Next, **fold** the **fabrics in the following way:** place **the reinforced piece of fabric with** the right side facing upwards. Place the **pocket** on top of it **and** finally the other **back piece with** the right side down. Fix everything with Needles and topstitch all **around** except for the **turning opening at the top (approx. 8 cm)**.

Now **cut** the **corners with the scissors**. Turn the fabric and work out the corners well

Then fold the seam allowances **of the** turning opening inwards and iron the fabric well again. Then topstitch all around with a narrow edge and close the turning opening.

Then **decorate** the front pocket with the **heartApplication**, the **button** and the **crochet flower**.

Table runner:

First make the cuttings **according to the template**

To prevent the fabric from fraying, topstitch the **edges of the fabric** with a **zigzag stitch**. Now take the **narrower fabric strips** (short and long) and fold them in the middle. Iron the resulting **fabric strips smooth**

In the next step, fold the quilted **side edges of the fabric panels** inwards (approx. 1 cm) and iron all four sections again.

Then pin the fabric sections to the sides of the large table runner fabric **with Pins**. Now sew the fabric sections **tightly together with** a straight stitch, beating the corners of the short sides into a triangle for a **nicer look**.

Now fix the **fabric hearts** in the **middle of** the table runner with the help of the **iron-on fleece** - ready!

Seat cushion:

For a seat pad **measuring** 35 x 35 **cm**, first cut a section of fabric measuring 37 x 85 cm **.** In addition, there is a **heart-shaped section of fabric**, which you make according to the pattern.

This cut now includes **seam allowances** as well as the fabric allowance required for the hotel closure **.**

Topstitch the edges of the blank with the **zigzag stitch** and then iron the short edges of the blank neatly in a width of approx. 0.5 cm **.**

Now turn these edges over another **1 cm** wide, iron them and topstitch them with a straight stitch **.**

Next, the two **outer edges** must **be folded inwards so that the** outer parts of the fabric overlap. The left (unprinted) fabric side is now on the outside and will be turned over later. Now close the **open sides of the fabric** with a straight stitch **.**

Then turn the pillowcase over **and** apply **the** fabric heart **to the** pillow using the iron **and** the fleece.

Must Have

Cotton fabric "Gent", country house flowers

Fabrics by the meter
Skin neutral
Grammage: 150 g/m²
Width: 150 cm

19,99 € (1 m2 = 13,33 €)
