

# Jewellery with Pouring

**Instructions No. 1960**

Difficulty: Beginner

Working time: 1 hour

Pouring is a universally popular technique for creating Stretched Canvas spectacular colour gradients and patterns. The different pouring colours are often layered on top of each other in a cup and finally tilted over the cup. Now the pouring colors are also available for jewelry. So you can create unique and beautiful pieces of jewellery, which no one else has for sure.
