

Kerzen im Landhaus-Stil

Instructions No. 987

You can design these pretty candles yourself very quickly. In the current motif straw silks you will find fantastic pictures to match your decorations always suitably. Let yourself be inspired, with a nice Straw silk paper and some candle-potch these two pillar candles are made in no time.

And it is as simple as that:

Cut from the Straw silk paper your desired motives and stick the printed layer with the candle potch on the candle. Then wrap the candles with the Raffia and tie a bow.
