Ketten mit Bienen-Anhänger

Instructions No. 1815

Difficulty: Beginner

Working time: 45 Minutes

Wear your self-designed jewellery and get compliments and attract all eyes on you. The best thing about homemade jewellery is that you are simply individual and cannot be bought in any shop. This makes them truly unique! Our playful necklaces are perfect for summertime and can be worn with summery clothes.

This is how the individual chains are made

Pendant " "

Using pliers, first remove 5 **chain links from** an anchor chain and attach them to the bottom of the bee pendant **Tip:** To be able to separate the chain links easily, it is best to use two pliers. Take one to hold on and the other to open the chain links. A **chain pin** is attached to the other end. At the top of the **Glass bell** there is a hole, there the chain pin is put through from below and decorated from above with a **pearl cap**. Cut off a large piece of the upper from end of the chain pin and leave about 1 cm of pin from standing. Bend the end of the chain pin to an eyelet which ends directly at the decorative cap. Spread some **glitter** on the bottom of the glass bell. **Glue** the bell to the bottom with **gemstone glue**

Now pull the anchor chain through the shaped eyelet. You can put it on without Chain the lock by connecting the chain links. Otherwise you can attach a snap hook at one end **as a** closure.

Pendant "Glass ball"

For the liquid that looks like honey, colour a little water with a drop only of colour concentrates**.** Add **Preservative** and **glitter**. Fill the liquid into the glass ball and fix the lid with gemstone glue**.** Now attach a **ring** to the **bumblebee pendant** and the lid from to the eyelet. Remove **5 links** of the anchor chain with the pliers and attach them to the bumblebee pendant. Now take the rest of the anchor chain and attach it to the lid. Now connect the Hummel pendant with the help of a ring to the Chain.

You can rehang them without Chain a lock by connecting the chain links. Another possibility is to attach a snap hook at one end **as a** closure.

Must Have

Decoration pendant "Glass bell" , 2 parts

Number of parts: 2
Diameter (outside): 20 mm
Height: 30 mm
Material: Glass, Metal

2,19 €
