Kosmetiktuch-Box mit Blumen-Mosaik

Instructions No. 785

With this representative packaging, you **no longer** need to hide your **handkerchiefs and tissues**. The large wooden box decorated with mosaic and pearls is placed ready to hand in the bathroom. The bottom can be pulled out, so the box is easily filled from below.

And this is how it works

Apply it Structure Paste with the plastic spatula to one surface of the box.
Place the décor mosaic in the shape of a flower, sprinkle the various pearls in between in the moist.
The Mosaic stones and the beads press a little bit, so they are fixed Structure Paste automatically after drying
Design all 5 sides of the box one after the other
Important: Let each side dry overnight before you design the next page.

This idea is timelessly beautiful!
