Lantaarn met gevouwen kerststerren

Instructions No. 2570

Difficulty: Beginner

Working time: 8 Hours

At Christmas and the cold days, a warm and beautifully decorated light cannot be missing. With this beautiful tea light in a lantern glass and the self-folded poinsettias, you combine this in a beautiful way. At the same time, you also have a beautiful decorative idea.

Fold the poinsettias according to the instructions that you can easily download.

First place the glasses in the middle of each other and then fill the space with the folded stars.

Then decorate the lantern glass with the different cords. You can also add a few individual stars and the pendants decorated with the Gelly Roll.

Finally, all you need to do is light the tea light and use it to illuminate this beautiful idea of a lantern jar and the poinsettias.
