Letter to Santa Claus

Instructions No. 2669

Difficulty: Beginner

Working time: 1 hour 30 Minutes

A decorative **envelope** like this for **Santa Claus** is both practical and beautiful. The children's anticipation increases when they can write their **wish list** and tell Santa what their wishes are. Parents, other family members and friends can see all the wishes at a glance and can get the right thing from the list.
But even without children's wishes, it's a great eye-catcher for **Christmas decorations**.

This is how the great envelope is designed:

First draw the envelope on the **photo cardboard**. The dimensions are: 30 x 25 cm. You will need this twice and add the flap to one of the rectangles on the long side. This is 5 cm high and narrows towards the top.

Cut the envelope to size and run the **folding bone** over the fold lines. The envelope can now simply be folded. The sides are sewn together using a sewing machine.

The front of the envelope can now be decorated. You can stick **tape** on it, stamp it and letter it.

Cut the white cardboard for the wish list so that it fits into the envelope. Stick tape on it, stamp it and then write on it.
