

# Leuchtende Schatzkästchen

Instructions No. 1579

🔪🔪🔪 Difficulty: Beginner

🕒 Working time: 20 Minutes

Transform filigree openworked boxes into unique light objects. With Lamp foil this is very easy!

## Colour design

First prime the boxes with Chalky Color paint in Vanilla. With brushes, paint in pastel shades and painting stencils the ornamental boxes can be decorated according to your personal taste

As soon as the paint has dried, the openwork lid of each ornamental box is lined from below with Lamp foil. This is fixed to the ceiling with Handicraft glue or hot glue.

Finally, simply insert a light chain into the box or boxes - that's it!

## Boxes with filling

Would you prefer to fill the pretty wooden boxes? Just take out the lights and fill in treasures!

Or you can put the light chain under the lid and glue another layer of Lamp foil. on the lid to fix the light chain. This way the light object is preserved and the ornament box can still be filled.
