Light decoration ladder

Instructions No. 2320

Difficulty: Beginner

Working time: 5 Hours

Simple, decorative and an incredible eye-catcher - this ladder with light chain and playful accessories is a great decoration for the winter and Christmas season that creates a pleasant atmosphere.

This is how easy it is to create a great light decoration:

1. First treat the ladder with white wood stain.

2. Design the houses with pastel craft colours and decorate them with decorative snow and glitter glue after they have dried. Replace the original ribbons with satin ribbons.

3. Also paint the stars with craft paint in white and pastel pink and add accents with Glitter Glue. Remove the ribbons and attach hooks.

4. Fill the glass balls with glitter and diamond snow and string them on a bouillon wire to make a chain.

5. Hang the ladder from a cotton cord and tie the ends with a **winding knot** to create a suspension.

6. Attach the light chain to the ladder and hang the ladder with the other decorative elements.
