

Mamsell-Puppe Lilly mit Filzkleid

Instructions No. 522

The little **doll Lilly** is already finished sewing, the only belly still has to be filled. The opening for this is provided with velcro, so that small gifts or messages can also be hidden in it. Lilly's clothes consist of Felt and Knitted tube. the individual parts are sewn together by hand with a few stitches.

Here's how it works:

Fill Lilly's body with soft flocks and close the Velcro.

Transfer the templates for the underdress, the apron and the Soles of the shoes to Felt ribbon or Felt and cut them out. Sew the undergarment together with the light side facing out and put it on the doll. Place the apron with the dark side facing out. Sew two knitted sleeves in the armholes, which must be long enough for the arms. Sew the frill tape around the collar and lower edge and two toggle fasteners on the front of the apron. Now you can also put the apron on the dolly. Fold the sleeves slightly at the end.

For the stockings pull approx. 6 cm long knitted tubes over the feet and fold the ends over. To the Soles of the sandals, sew an approx. 2 cm long felt strip directly at the foot. Finally, decorate plaits, socks and sandals with small bows made of checked ribbon.
