The binding of this sturdy book is **Napkin technique** and nautical details decorated and much too bad for the bookshelf. Inside there are many white pages waiting to be filled with your favourite recipes or holiday memories.

And this is how it works:

Prime the cover of the book ivory and wipe Ink Pads lightly over the front and back with both when dry. Emphasize the edges a bit more. Now tear out the Napkin area with the writing and stick **the printed napkin layer on the cover**.

Then tear **out two strips** from the **paper pad (approx.** 6 x 19 cm and 8 x 4 cm) and cut two pieces of pluck (approx. 8 x 8 cm and 10 x 4 cm). **Remove a few threads from the edges and** stamp them with blue designs. Then glue on with UHU Contact power adhesive and 3D pads

Afterwards you stamp the book according to your taste. **Glue the smaller strip of pluck onto a matching Paper strips, one and Velcro strap stick it as a closure on the front and back of the book.**
As a special eye-catcher you now dye a few small shells with stamping ink, drill **small holes into them and thread** them on a thread from the plucking. **Fasten the ends in the book with a strip of adhesive tape, the shells with some hot glue.** Now decorate with single mussels and starfish and **your beautiful maritime cookbook is ready**.
