

Metal ring Welcome

Instructions No. 2120

Difficulty: Beginner 🍃🍃🍃🍃

Working time: 2 Hours

This spring-like and colourful decorative ring welcomes your guests. This idea can be implemented quickly and easily and because of the artificial flowers used, the decorative ring can be hung up again and again.

First, wrap the leaf garland around the embroidery ring. Leave a piece of the leaf garland at the top for hanging. Shorten the artificial flowers with a side cutter and glue them to the embroidery ring with hot glue. You can also use artificial flowers in other colours.

Use the wire bending board and golden aluminium wire to bend the lettering. You can also use the free template.

The finished lettering is attached to the ring with perlon threads.
