Choose small round stones and coat them thinly with handicraft glue. Sprinkle a little mica onto the still damp application. Then stick a small pig on each stone. It is best to use assembly adhesive for this: coat the adhesive surface of the pig and also that of the stone. As soon as the glue has dried, the fixation is particularly strong this way.

Use our silicone stamp for your personal messages VBS "Be Happy" silicone stamp. Place your chosen stamp on

the clear stamp holder, dab it with ink pads and press the message firmly onto a piece of craft cardboard sheet. Then clean the stamp with stamp cleaner.

Alternative: Write your own personalized text with a fineliners on coloured paper. Cut your paper messages into small flags and stick them under your stamp stone.
