

Modeling clay pendants

Instructions No. 2194

Difficulty: Beginner 

Working time: 2 Hours

These spring-like pendants made from modelling clay are very easy to make. The finished pendants can be used to decorate bushes and gifts. A great idea for the coming spring and Easter.

1. Knead the modelling clay well and then roll it out to a thickness of approx. 0.5 cm.
2. Cut out motifs according to your personal taste using various cookie cutters.
3. If you wish, you can press messages into the shapes with the texture stamp set.
4. To hang up the shapes later, poke a hole in the mass with a bamboo skewer before they dry.
5. Leave the shapes to dry for several hours. Depending on the thickness, the drying time is between 6 - 15 hours.
6. The dried shapes can be decorated with stamps and half-beads as desired. Important: Clean the stamps with stamp cleaner after use.
7. Now either attach a ribbon for hanging or glue a decorative clip to the back with hot glue.
