Instructions No. 2451

Difficulty: Beginner 

Working time: 2 Hours

Whether as a homework book, as a notebook, as a bullet journal or as a drawing book - no matter for what purpose you want to use the **magical notebook**, it looks great and magical in any case. With a few simple steps and beautiful materials, you can create your very own **fairy book**.

This is how you design the book:

First paint the **fairy door** in your desired **colours**.

Cut out the motifs you want from the **scrapbook block** and add glitter accents with **Flaky Glue**.

Pre-draw the wings for the **key** on **tracing paper**, preferably with a pencil, and then cut them out. Use a white marker to add some nice details.

For the time being, arrange all the materials on the book cover to see how you like it best. Once you are happy with the book cover, attach all the motifs and accessories using adhesive tape, craft glue or adhesive pads.
