

Ornament-Gartenstecker mit Krone

Instructions No. 1390

Difficulty: Advanced

Create eye-catchers for your garden! The **garden plugs** with the ornaments and small crowns are made from only little handicraft material.

After drying, create some balls with granite colour. The other balls already painted with Structure Paste will get a brown paint. With Leaf metal you set golden accents on the wooden rings. Finally, patinate the remaining elements and the wooden sticks. Apply a base coat of white Outdorr Color paint and let it dry. For the Patina mix paint in Antique Red with Black and white and dilute this mixture with water. Apply the paint with a brush and wipe it off with a dry cloth and then with a damp sponge.
