Instructions No. 2621

Difficulty: Beginner

Working time: 2 Hours

These instructions for **paper pendants** in the form of **ornaments** can be made in just a few minutes. You can choose the colour of the paper yourself - so you will always get other beautiful ornament pendants in matching colours to your interior design.

This is how the ornament pendants are made:

Print out the **templates**. Cut out the motifs and transfer them to the **motif cardboard**.

Now place the cut-out motifs on the folding board and fold them in the middle.

Glue a ribbon to the centre of a tag for hanging with **craft glue**. Place the cut-out pendants on top of each other (at least 4) and staple them together in the middle.

Fold individual layers (towards the centre) so that the pendant is evenly round.
