

Serviettentechnik Anleitung - Memo Board

Instructions No. 751

With this stylish memo nothing will get lost.

And here's how it works:

Prime the surfaces of the Memo Board with Magnetic paint, let it dry well before painting it a second and third time.

Meanwhile cut out the motifs from the napkin varnish. Napkins The silhouette scissors allow you to cut out the contours exactly.

Carefully loosen the top layer, as you will only need it

Additional tip: For more complex arrangements and larger motifs, use the spray adhesive to fix the napkin. It enables you to adjust your positioned picture once again and gives you hold when applying the napkin varnish.

Now fix the motifs on the photo carton

Apply it Napkin varnish with the napkin brush. It minimizes the risk of wrinkles and cracks in the motif.

When it Magnetic paint is dry, you can colour your memo board. Prime the surfaces into the Black, trim in light green and the back in the way you like it. Prime

the wooden boards in white and apply the chocolate motifs to Napkin varnish the dry boards

Cut out the motifs from the Craft cardboard sheet . The Ultra Brilliant Decopatch, which also seals the motifs, provides additional shine.

Paint the over all napkin technique motifs as a finish.

When the board is dry, fix the motifs to their Position. Glue the magnets with the special gel glue on the wooden boards and decorate your board. Now put the fairy lights into the recesses provided and glue them with hot glue to keep everything in place.

Now you still need a only suitable place for your memo board..
