Sew Bunny Eggs

Instructions No. 1905

Difficulty: Beginner

Working time: 4 Hours

Aren't they funny, our **spherical bunnies in** egg shape? They are very easy to sew and therefore also suitable for beginners. The finished bunnies are a great **decoration for Easter and** attract attention on the Easter table, on the windowsill or in your flower arrangements.

This is how the bunnies are sewn:

Print the **Pattern** cut it out, cut it out and transfer it to the corresponding fabrics. Then cut the **fabrics**. The ear will be cut in the opposite direction. A seam allowance of 0.5 cm is already Pattern included

For our bunnies we have chosen white fabric for the head and coloured fabric for the body and ears. Sew one white and one patterned piece of fabric together on the straight side to form four pointed ovals.

For the **ears**, place two ears-Fabric cuts right on top of each other and sew them together. Then turn and **fill** with cotton wool.

Sew three ovals right sides together. Before you insert the last part, the ears are considered and pinned. Now sew on the last oval. Note that you must leave a turning opening open

Now turn the rabbit and fill it with **cotton wool.** The turning opening is now filled with hand stitches like the Magic Sting closed.

Now you can **paint** faces with a **textile marker** as you wish.
