

# Sewn Christmas Balls

**Instructions No. 414**

Difficulty: Advanced 

Working time: **25 Minutes**

The **most beautiful christmas tree balls** are definitely the **self-designed** ones. The sewn baubles are made of christmassy fabric cuts. Your tree decoration becomes a very special creative highlight. To make the pretty fabric balls for your Christmas tree, download the motif template.

#### **So you make the Christmas tree balls yourself**

From the pattern, make one Stencil out of one piece of foil or cardboard, transfer it to fabric four times per ball and cut it out.

Pins Pin two pieces right sides together and sew them together on one side, either by hand or with a sewing machine. Then sew these two pieces together right sides together, except for a turning opening  
Turn the ball over, fill it with cotton wool and close the opening by hand with a mattress stitch  
Cut the ribbon to size (for the small ball about 16 cm, for the large ball about 21 cm), glue the ends together with gemstone glue to form a loop or sew them together with a few stitches.  
Sew on the bead cap with pearl thread and fasten the loop in it  
Finally decorate the balls with the half pearls.

---

Dear sewer, as fabrics are seasonal goods and we always want to have trendy fabrics in stock for you, it can happen that the sewn fabric is no longer in our range.

In our fabric section you will find a large selection of great fabrics. Click [here](#) to discover [all the fabrics](#).
