

Sommerliche Baumwolltasche

Instructions No. 1589

Difficulty: Beginner

Working time: 45 Minutes

Are you still looking for a **stylish bag** for the summer? Here you will find what you are looking for! With a few simple steps you can turn a cotton bag into a fashionable **highlight**. Ideal for your shopping, sports, city and much more.

So that your **Stencil** does not slip while painting, we recommend [using temporary spray adhesive](#). Spray the underside of the Stencil for this purpose with the spray adhesive and then place it on the desired spot on the bag.

For painting we recommend to put a foil or a solid cardboard in the bag as **protection** before. This prevents the paint from seeping through to the back.

If possible, use a sponge brush to apply the paint. This way the paint will be applied evenly and you will achieve a beautiful colour result

Now dab the **3D paste** [onto](#) the stencil motif on the bag. With colour transitions you can make the motif even more beautiful. Now pull off Stencil and add the finishing touch to your bag with handlettering.
