Winter house scene on plate

Instructions No. 2611

Difficulty: Beginner

Working time: 3 Hours

Conjure up a cozy and wintry atmosphere in your home. This winter house scene not only looks particularly decorative, it is also easy to recreate. Learn how to do it here.

Gestaltung mit Farbe & Schnee

Paint the plate "Topeca" and the houses silhouettes with white craft paint. Design the decorative fence with craft paint in "Orchid". You can already glue a string of lights behind the houses with hot glue.

Cut the styrofoam egg in half. The two halves make a scenic elevation. Therefore, glue the styrofoam to the plate with hot glue, along with the houses and miniatures.

Decorate your arrangement with decorative snow and then glue the fence around the plate (hot glue). Weave a holly garland around the fence as a special decoration and finally sprinkle some diamond snow over the landscape.

Decorate the plate best together with small fir trees in your home and enjoy the visual effect.
