## Instructions for your wreath with bird house:

**Preparing the bird house**

Start by painting the VBS Paint the miniature bird house with hanger in your desired color palette. The VBS Craft paints offer a wide Selection range of vibrant shades. Use the bamboo skewers as a tool to dab on fine decorations and add an individual touch to your design. Let your creativity run wild and wait patiently until the paint is completely dry.

**Birds for the birdhouse**

Once the birdhouse is dry, use the hot glue to attach small miniature birds to the front. These details will give your project a lively and inviting atmosphere.

**Preparing the plants for the wreath**

Take the cherry blossom branch and the willow catkin and cut them to the desired length using side cutters. Make sure to arrange the branches harmoniously around the wreath. Attach them with the hot glue to make sure they stay firmly and securely in place.

**Hanging the birdhouse**

Cut a piece of silk ribbon that is long enough to be tied around the wreath. Thread the birdhouse onto the silk ribbon and adjust the length of the hanging ribbon on the birdhouse if necessary. Then tie the ribbon securely around the wreath and close it with a knot so that the house hangs stably.

**Add the final details**

Finally, glue individual cherry blossoms to the wreath to add the finishing touches. These small accents add a touch of elegance and naturalness to your decoration.
