

Zeitlose Moos-Bäumchen mit Papierblüten

Instructions No. 531

The beautiful timeless ball trees **bring** lasting greenery into the home. The delicate paper flowers are guaranteed not to wilt!

Small effort - big effect!

For this idea you need two approx. 25 cm long wooden sticks, possibly from a beech round stick, Ø 10 mm cut to size

Prepare rose pots

Prime the rose pots and the round sticks with white Handicraft paint, and let everything dry. Place the roses with the Pearl-Pen effective small dots around the edge of the rose pots.

Now simply fill the rose pots with putty and cover them with green moss. Fix the Iceland Moss with straw flower needles. Stick the round sticks into the pots.

Manufacturing balls

Cover the balls with Iceland moss and then stick them onto the wooden sticks. Decorate the green balls with paper flowers, stick them on with hot glue, tie a small bow and fix it underneath the balls.
