Mini Xmas Wreath

KNOTS USED

Half square knot
Lark's head knot
Wrap knot

(see at the end step by step tutorials for these knots)

BEFORE STARTING

Cut the following:

2x 300 cm ropes colour 00105

4x 30 cm ropes colour 00105

7x 30 cm Gold Metallic yarn colour 00300

STEPS

Step 1: Double over the 300 cm cords so its halved 150cm each side. Loop yarn over the wooden hoop. Begin to add **half square knots** around the hoop.

Step 2: Double over the 30 cm cords. Loop these over the space at bottom of the wreath. Take 5 pieces of Gold yarn double over and place with natural yarn.

Step 3: Use the 6th piece of gold yarn to create a **wrap knot** around. Loop around at least 5 times and fix at the back.

Take the final piece of gold thread arched using a lark's head knot and tie at the top to create a hanging loop.

Go back and evenly space out the Gold Thread trim to required length.

Note: Due to the fact, that Crafty Fine yarn is recycled from colour-assorted textile material and not re-dyed there can be slight variations in color and thickness. We therefore recommend buying enough yarn for your project. We also advise to use a crochet needle without handle, which is easier to work with. The first stitches might be a little bit hard to work, but you will soon get used, and the final result is worth it.

WASHING ADVICE

Always wash in as warm a water temperature as possible - up to the temperature recommended, with a short spin. Use a lot of water if hand washing. For darker colours we recommend the use of discolouration sheets. Do not bleach.

Do not tumble dry. Drip-dry on a horizontal surface. Iron on a hot temperature setting using a damp cloth. Professional dry cleaning in tetrachloroethylene.

HALF SQUARE KNOT – SPIRAL SINNET

Step 1: The 4 filler and working strands are arranged parallel, the working strands **A** and **D** are on the outside and the filler strands **B/C** are in the middle.

Step 2: Place **D** from right to left over **B/C** and under **A**.

Step 3: Bring **A** from left to right under **B/C**.

Step 4: Pull **A** from the back to the front through the loop created by **D**.

Step 5: Carefully pull **A** and **D** tightly.

The first basic knot is finished = 1 half square knot.

Step 6: Repeat the 1st basic knot placing **A** from right to left over **B/C** and under **D**.

Step 7: Bring **D** from left to right under **B/C** and pull from the back to the front through the loop created by **A**.

Carefully pull **A** and **D** tightly.

The first basic knot has been repeated = 2 half square knots.

Step 8: Repeat steps 1 to 7 to create a spiral sinnet.

LARK'S HEAD KNOT

Step 1: Fold one strand (consisting of a filler strand and a working strand) in half and place the loop on top of a cord, a rod or a ring.

Step 2: Fold the loop down the back

Step 3: Pull the ends of the strand through the loop and pull tightly.

WRAP KNOT

Step 1: The filler cords/strands should be arranged as parallel as possible in a bundle.

Step 2: Take a short cord (= wrapping cord) and create a loop approx. 5 cm long. Place the loop on top of the cord bundle.

Wrap the long end of the wrapping cord around the bundle of threads and the cord's own loop once and pull tightly.

Step 3: Then continue to wrap the wrapping cord from top to bottom until the desired length of the gathering knot is achieved. Make sure that the wraps are close together.

To secure the wrapping cord, bring the end of it through its loop.

Step 4: Carefully tug on the beginning and the end of the wrapping cord until the loop disappears under the wraps. Cut the end of the wrapping cord.
